

# RANGER CADETS

[www.rangercadets.org.uk](http://www.rangercadets.org.uk)

The Ranger Cadets is a uniformed youth organisation in England providing youth development activities for 13 to 25 year olds.

Ranger Cadets provide young people with new opportunities and experiences, such as life and social skills, team work, community engagement, training, fun, community spirit and personal development.

We aim to ensure young people are prepared for life with the challenges that they may face as an adult.
